## TIME MAXIMIZER

For those who like to do two things at once, the CYBEX Personal Entertainment Monitor lets users enjoy their favorite TV shows while working out on their favorite piece of cardio equipment. Exercise is more fun with the latest in entertainment technology from CYBEX.

## GOOD LOOKING – LOOKING GOOD

The 13.3" LCD HDTV compatible screen is big enough to create a great viewing experience but compact enough so that it does not overpower the look of the machine on the gym floor. The sharpest possible pictures show in standard format or the latest wide screen format.

## FULL IPOD INTEGRATION

All 750 series products feature full iPod integration giving you the ability to charge an iPod, use Nike+iPod to track a workout, watch a movie or just listen to music while charging your iPod.

Nike + iPod

## GOING GREEN

We are conscious about the environment as well as your wallet, that's why the CYBEX PEM is equipped with an Auto Power Down mode that turns the TV off when not in use. Saves money, energy, and extends the life of the TV.

## FIND IT FAST

We know time is valuable so we want to provide you with an option to find what you want faster... Only the CYBEX PEM provides you with a button to directly access the Electronic Program Guide (EPG) provided with digital television. Less channel surfing means more time to work out and enjoy your favorite shows.
